

Why you should consider becoming a Certified RainXchange™ Professional?

Benefits of the Certified RainXchange™ Professional Program:

- Receive exposure on Aquascape's website allowing potential customers to find you for future installation projects.
- Provides credibility to public that you are conscious about the needs of our environment and are educated on rainwater harvesting.
- Enjoy exclusive right to use the Certified RainXchange™ Professional logo in any of your marketing materials.

Criteria to become a Certified RainXchange™ Professional:

- Complete either one of the following:
 - Online Training
 - Attend an Aquascape RainXchange™ Seminar/Build.
- Complete and Pass RainXchange™ Test

Terms of the Certified RainXchange™ Professional Program

- 2-year recertification requirements.
- Must specify or install complete RainXchange™ System when representing yourself as a Certified RainXchange™ Professional.
